

Blackfiskey

Imperial Stout

Something mysterious happens to an Imperial Stout when it rests in a whiskey barrel. A transformation. An evolution. A changing of ways. Magic. Blackfiskey is a blend made from batches aged 10 to 14 months.

Dark, inky, rich, with hints of the barrel's previous life and the tongue hugging squeeze of midnight. Pour gently into a snifter and let it wrap around you.

ABV 9.5%
